

Drummond students place first in Missouri Thinking Cap Quiz Bowl

Seven students in PEGS (Program for Exceptionally Gifted Students) at Pattonville's Drummond Elementary School recently placed first in the Missouri Thinking Cap Quiz Bowl. Drummond is the host site for the PEGS North program in St. Louis County.

The quiz consisted of 100 multiple-choice questions that covered math, geography, government, sports, spelling, science, literature, English, history, general information and just plain fun trivia.
