

Pattonville Board names new Activities Director

The Pattonville Board of Education on March 24 selected Bob Hebrank as activities director at Pattonville High School, effective July 1, 2008. Hebrank is currently athletic/activities director and dean of students at Maplewood Richmond Heights High School. He replaces Terry Funderburk, who will retire at the end of the current school year.

“We are excited to have Mr. Hebrank join our program at Pattonville High School,” said Dr. Michael Fulton, superintendent. “He brings a proven track record of success as an activities director. We believe he will do a great job serving Pattonville students, families and staff members.”

Prior to his work in Maplewood Richmond Heights, Hebrank served as assistant athletic director at Clayton High School and as admissions counselor and assistant athletic director at Lindenwood University and Fontbonne University. He holds a bachelor’s and a master’s degree in secondary education from the University of Missouri-St. Louis and is a certified athletic administrator.
